Keeping you up to date with new model releases and general information about our products

Plug-In Turbo Timer for New Mitsubishi Challenger

The new **Challenger** range of turbo diesel vehicles has been introduced by Mitsubishi Australia. There are 5 models, ranging from the 5 seat manual or automatic transmission **Wagon** to the 7 seat automatic **XLS Wagon**.

All of these models accept one of our existing plug-in turbo timer models; number **925/NM**.

These timers are available now and we have plenty of stock on hand.

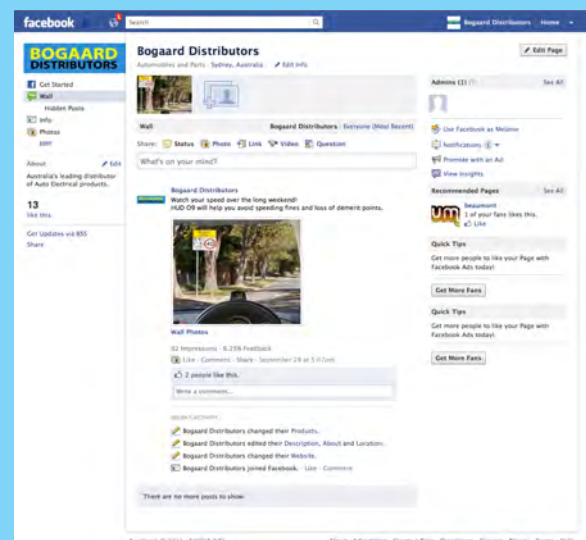

We have added this to our **Passenger, Off Road & Light Commercial Vehicle Ordering Guide** which is available for viewing or download as a PDF document from our web site.

Follow us on Facebook

We have a new Facebook page where we will be featuring updates and news, with promotions and give-aways.

Click on the link below and '**like us**' for the opportunity to join in our first promotional item. Further details will be posted on our Facebook page.

The link is: <http://www.facebook.com/pages/Bogaard-Distributors/171301629615878>

As always, the latest, up to date versions of the **Passenger, Off Road & Light Commercial Vehicle Ordering Guide**, including the vehicles listed above and the **Truck & Engine Applications & Ordering Guide** for our turbo timers are available on our web site:
